Water temperature range >41°C

The product is provided with:
Design Patent(PRC):ZL 2006 3 1014097.7
Utility Model Patent(PRC):200720187151.8

Information of the Led Shower

- 1.Dia:230mm
- 2.Material:ABS
- 3.The scope of the electrical pressure:5-10V(when working).
- 4.The scope of the electricity: 0.1-0.3A(when working).

Working conditions:

- 1.Based on at least 0.2Bar of water pressure in static state.
- 2.Please mconfirm there is no dirt in the water pipeline when using; if it is walled up, please clean it before using.

Effect:

- 1.The light colour is changed following the water temperature, users can adjust the water temperature according to the light colour.
- 2.When it works, water becomes magnetizable and expedites skin luster, benefits for health as well.
- 3.It generates electricity by water stream without any other accessorial energy sources.
